National Commission for the Certification of Crane Operators

NCCCO does not discriminate against any individual because of race, gender, age, creed, disability, or national origin.
Dear NCCCO Test Site Coordinator:

Welcome to the National Commission for the Certification of Crane Operators (NCCCO) national rigger certification program.

NCCCO is a nonprofit organization founded in 1995 to establish a fair and independent evaluation of crane operator knowledge and skills. Key to this industry-led effort has been the development of CCO Written and Practical Examinations leading to nationally recognized crane operator certifications.

As personnel responsibilities in the lifting industry have become better defined, NCCCO has developed additional certification programs for other occupations involved in the lifting industry. This rigger certification program is the culmination of many years’ hard work by experts from the varied industries and groups that use cranes, including construction, steel erection, ironworkers, operating engineers, utilities, crane rental, etc. NCCCO task forces were made up of experts from all aspects of the rigging, lifting, and crane industry—riggers, ASME B30 members, crane operators, training directors, managers, supervisors, insurance representatives—who together represent many thousands of hours of rigging experience. These volunteers gave freely of their time and expertise with the primary goal of improving the safety of all whose work brings them into contact with cranes and lifting equipment.

Until recently rigger certification was voluntary unless required by local jurisdictions or specific employers. However, in November 2010 the federal Occupational Safety and Health Administration (OSHA) enacted new national regulations for cranes and derricks used in construction under 29 CFR 1926 Subpart CC, which state that riggers need to be qualified.

To ensure that CCO examinations are—and remain—a valid measurement of a rigger’s operator’s proficiency, NCCCO used its exam development expertise and guided its task forces in establishing key elements of the program, including identifying essential skills, selecting tasks, standardizing test conditions, developing the scoring process, establishing reliability among tests, and creating flexible application and scheduling procedures. NCCCO continually analyzes the performance of CCO exams and reports to NCCCO’s Exam Management Committees.

This Test Site Coordinator Handbook has been developed to provide you with comprehensive information about administering CCO Written and Practical Examinations leading to CCO rigger certifications. NCCCO recognizes the commitment you are about to make, and we want your experience to be a positive and successful one. If, after reading this handbook, there is anything you do not fully understand, please call NCCCO at 703-560-2391 or email info@nccco.org, and NCCCO staff will guide you through any aspects of the CCO national rigger certification program that you would like explained in more detail.

Thank you for your interest—and good luck!

Hosting and Administering CCO Written and Practical Examinations

This information is specific to the CCO Rigger certification programs. Information regarding other CCO certification programs is covered in the respective Test Site Coordinator Handbooks.

TEST SITE SETUP—WRITTEN EXAMINATION

The examination room should be setup prior to the NCCCO Chief Examiner’s arrival. The examination room must provide adequate separation of candidates, as well as sufficient space for taking the examination. In addition, administration sites must meet the following requirements:

- There must be only one point of entry and exit—candidates must enter and exit through the same door.
- The testing room must be an indoor facility suitable for the exam candidates, to include:
  - Quiet, well-lit, properly ventilated, with a comfortable temperature and free from distractions to candidates
  - Accessible to candidates with special needs
  - A head table or podium at the front of the room
  - A registration table
  - Easy access to unlocked rest rooms stocked with sufficient supplies (no porta-potties)
  - Easy access to a water fountain
  - Large signs prominently posted making candidates aware of the location of the test
  - A clock visible to all candidates, preferably at the front of the room so that candidates can see it without turning their heads
- The examination room should be setup in classroom style. There must be sufficient tables and space for the number of candidates registered. Make certain that the number of candidates can be seated according to the following requirements:
  - Six-foot tables: No more than two candidates per table
  - Eight-foot tables: No more than three candidates per table
  - Round tables: No more than one candidate per table; these may be used, but are inefficient due to the requirement of only one candidate per table
  - Desks: No more than one candidate per desk; desks may be used only if their surface area is large enough to hold both the test booklet and answer sheet and must accommodate both left-handed and right-handed candidates with equal comfort
- The tables must have smooth writing surfaces and adequate space to accommodate examination booklets and answer sheets without crowding.
- There must be an adequate supply of sharpened #2 pencils for candidates to use on test day.
- The chairs must be comfortable, with an appropriate height in relation to the tables used. Chairs with backs are preferable to stools or benches without backs.
- Rest rooms must be located near examination room and must be easy to find. Post directional signs if necessary.
- Room acoustics must be good. If the room is large, make sure that a microphone is available and that it works well enough so that candidates in the back of the room can hear verbal instructions clearly.
- There must be adequate space for the Chief Examiner to observe candidates easily.
- Parking must be sufficient to accommodate the number of vehicles expected.

TEST AREA CONFIGURATION—PRACTICAL EXAMINATION

The Practical Examination administration only allows the Practical Examiner and candidate to be present in the test area while testing. Once candidates have completed testing, they must leave the Test Site and not converse with other candidates who have tested or are waiting to test. The Practical Examination area may be indoors or outdoors, as long as it meets the following requirements:

- Quiet, adequately lit, properly ventilated with a comfortable temperature and free from distractions to candidates
- Accessible to candidates with special needs
- Easy access to unlocked rest rooms stocked with sufficient supplies
- Easy access to a water fountain
- Large signs prominently posted making candidates aware of the location of the test
- A separate waiting area (away from the testing area) for candidates waiting to test
- Parking available to accommodate the number of vehicles expected
Rigger Level I

- Three 6 ft. tables on which to place the rigging gear; one table must have a strip of tape or minimum 1 in. wide line that divides the table in half
  or
- Instead of tables, three 6 ft. × 3 ft. areas of clean, clear floor space with a line or tape dividing one of the spaces in half may be used
- An attachment point with a hook that meets the following specifications: has at least a 100 lb. capacity, no latch is required, height of bottom section ("G" in diagram) cannot exceed 7/8 in., and thickness ("M" in diagram) cannot exceed 7/8 in. (e.g., Crosby 3/4 ton carbon eye hook, part #1022200)
- A clock visible to candidate (provided by Practical Examiner)
- Rigger Level I Test Kit (provided by Practical Examiner)

Rigger Level II

- One 6 ft. table or clear, clean floor space for the Practical Examiner to set up the rigging tasks
- One 13 ft. (± 6 in.) height attachment point with a load test of 1,000 lb.
- Method of identification to mark which side of the frame needs to be rotated (e.g., rope, tape, etc.)
- Digital level (7–12 in. length, magnetic, and accurate to 1/10 of a degree)
- Rigging Frame (see Level II Rigging Frame Shop Drawing).
- Rigger Level II Test Kit (provided by Practical Examiner)

Test Site Coordinators are responsible for:

- Submitting all requested information on the Written Test Site Application Request Form and Test Site Coordinator Summary Form to NCCCO in a timely manner; Written Test Administration Requests may also be submitted online at: www.nccco.org/wtar.
- Preparing a testing room in accordance with the general directions listed under Test Site Room Setup—Written Examination and Test Area Configuration—Practical Examination
- Liaising with the Chief Examiner and NCCCO in all aspects of Test Site preparation and administration
- Ensuring candidate applications are complete and submitted in accordance with stated deadlines
- Remaining on site throughout each test administration (or a designated representative)
- Ensuring candidates and proctors meet NCCCO’s personal protective equipment (PPE) policies, which at a minimum shall meet OSHA requirements
- Submitting Test Site Coordinator Agreement form(s); designated representatives also must submit this form
- Providing an email address and a cell phone number with the first paperwork submission (this may not be a shared address)

NCCCO periodically emails Information Bulletins to all Test Site Coordinators containing clarifications and updated policies. To remain in good standing, Test Site Coordinators are required to abide by the information contained therein.

Practical Examiner

Practical Examinations are conducted by NCCCO–accredited Practical Examiners. NCCCO does not assign a Practical Examiner for your site; to search for a Practical Examiner for hire, go to NCCCO’s website at www.nccco.org. A Practical Examiner may test only one candidate at a time. It is important that the Test Site Coordinator and Practical Examiner communicate with each other before testing begins.

On the day of the exam, the Practical Examiner is responsible for:

- Bringing all equipment to run the Practical Examinations, including practical test equipment such as Rigger Level I and/or Level II Test Kit(s)
- Ensuring that all candidates have watched the candidate video/presentation and understand the

ROLES AND RESPONSIBILITIES

The following three individuals are vitally important in the successful administration of the CCO Rigger Written and Practical Examinations. They must work together and communicate to ensure a smooth test administration.

Test Site Coordinator

The person designated by the host company or organization to liaise with NCCCO on test administration matters is known as the Test Site Coordinator (TSC). Test Site Coordinators or their designated representatives are required to remain on site throughout each test administration.

Practical Examiner
Practical Examination (candidates may view video/presentation up to 24 hours before their exam)

- Administering all Practical Examinations for that Test Site
- Returning all examination materials including score sheets to NCCCO at the conclusion of all testing

Chief Examiner

NCCCO is solely responsible for the rules and procedures for the administration of the Written Examination. Administration and supervision of the examination site and staff, including the care and custody of examination materials, are the responsibility of the Chief Examiner. At least one Chief Examiner is required to administer the Written Examination.

The Chief Examiner is responsible for:

- Ensuring that the security of the examination and related materials are not compromised
- Procuring adequate staff based upon registration count
- Training Proctors
- Conducting Written Examinations
- Ensuring that candidates have all the proper materials and are following all instructions for completing the forms and answer sheets accurately
- Ensuring that candidates neither give nor receive assistance in answering exam questions
- Ensuring no unauthorized person is in the testing room during examinations
- Ensuring candidates leave the testing area when they are through testing to limit communication with previously tested candidates and those waiting to be tested
- Maintaining professional standards of testing practices
- Following up with necessary reports and shipping all examination materials back to NCCCO

Proctor

Proctors assist the Chief Examiner in the administration of the exam. Proctors are under the direction of the Chief Examiner during the test administration. Proctors may not be candidates waiting to take the Written Exam. The primary responsibilities of Proctors are:

- Assisting with set up of room before the examination
- Assisting with admittance and identification check of candidates

- Distributing examination materials
- Monitoring the examination room and observing candidate behavior
- Collecting examination materials and checking out candidates
- Assisting with maintaining examination security
- Adhering to examination time limits
- Assisting with general cleanup at the close of the examination

Chief Examiner or Proctor Eligibility

NCCCO requires all personnel who are authorized access to CCO examinations to sign an Affidavit of Non-Disclosure. Copies of these affidavits are kept on file. To avoid conflicts of interest and possible breaches of security, individuals who have taken or will take the examination(s) may not serve as either Chief Examiner or Proctor in the administration of CCO examinations.

RECERTIFICATION

Riggers certified by NCCCO must recertify every five years by taking and passing a Written Recertification Examination.

Although Written Recertification Examinations have shorter time limits than Written Examinations for first-time candidates, they can be scheduled at regular test administrations.

Recertification candidates count towards a Test Site’s overall candidate total for the purpose of avoiding site fees (minimum 15 candidates); see Applying to Host Rigger Examinations (page 7).

For more information about recertification, see the Candidate Handbook, or contact NCCCO at (703) 560-2391 or via email at info@nccco.org.

TESTING ACCOMMODATIONS

NCCCO provides reasonable accommodations in accordance with the Americans with Disabilities Act (ADA) for individuals with documented disabilities who demonstrate a need for accommodation.

In accordance with the Americans with Disabilities Act, NCCCO does not discriminate against individuals with disabilities in providing access to its examination program.

The Americans with Disabilities Act of 1990 and accompanying regulations define a person with a disability as someone who has a physical or mental impairment that
substantially limits one or more major life activities such as walking, seeing, hearing, or learning.

The purpose of accommodations is to provide equal access to CCO examinations. Accommodations match up with the identified functional limitation so that the area of impairment is relieved with an auxiliary aid or an adjustment to the testing procedure. *Functional limitation* refers to the aspects of a disability that interfere with an individual’s ability to function; that is, what someone cannot do on a regular and continuing basis as a result of the disability.

The purpose of documentation is to validate that an applicant for testing accommodations is covered under the ADA as a disabled individual. Comprehensive information from a qualified professional is necessary to allow NCCCO to understand the nature and extent of the applicant’s disability and the resulting functional impairment that limits access to its examinations. Documentation also allows NCCCO to provide appropriate accommodations for such a disability.

NCCCO will provide, without cost to the candidate, reasonable accommodations designed to facilitate equal access to its certifying examinations for those candidates whose documentation supports such a determination. In no case will accommodations be provided which would compromise the examination’s ability to test accurately the skills and knowledge it professes to measure. Similarly, no auxiliary aid or service will be provided that would fundamentally alter the examination.

NCCCO strictly adheres to a policy of confidentiality and does not disclose names of applicants with disabilities or information concerning the application or accompanying documentation. Examinations administered with accommodations are not identified to third-party score recipients and are scored no differently than examinations of other applicants.

Arrangements for persons with disabilities will be provided upon approval. All requests for accommodations must be submitted by the applicant. In order to apply for accommodations, please download the NCCCO Application for Test Accommodations and the NCCCO Guidelines for Documenting a Request for Test Accommodations forms from the NCCCO website. For further information, see the complete NCCCO Testing Accommodations Policy at: www.nccco.org/accommodations.

If you have any questions or need clarification, please contact NCCCO at (703) 560-2391.

**AUDIT PROGRAM**

NCCCO conducts audits of Test Sites and/or Practical Examiners in accordance with the accreditation requirements of the American National Standards Institute (ANSI).

Test Sites and/or Practical Examiners are selected for audits on the basis of a variety of criteria, including random selection, in response to issues reported by candidates, unusually high or low pass rates, new Test Sites, or probationary Examiners.

Once a site has been selected for an audit, the Test Site Coordinator or company representative from the site may be notified by letter from NCCCO prior to the scheduled test day. In addition, the Auditor will contact the Test Site Coordinator or company representative to verify the testing date and the site address. Unannounced audits may also be conducted.

It is a condition of Practical Examiner accreditation and Test Site status that all Test Site personnel, including the Test Site Coordinator, Practical Examiner, and Proctor, cooperate fully with the NCCCO Auditor during the audit process.

Practical Examiners who have been audited and notified that an additional audit is required will be responsible for the expenses incurred by NCCCO for the additional audit. Any practical exams conducted by the Examiner will not be scored until NCCCO has been reimbursed for the incurred expenses.
Applying to Host Rigger Examinations

WRITTEN EXAM REQUESTS

All requests for paper/pencil test (PPT) administrations must be made on the Written Test Administration Request Form at least four weeks prior to the desired test date. Written Test Administration Requests can also be completed online at www.nccco.org/wtar.

Once the request has been approved, NCCCO will email a letter of approval and confirmation to the Test Site Coordinator. The confirmation letter will include instructions on how to proceed with the candidate applications and a test administration number that must be included on candidate applications for that Test Site and secured test date.

Candidates also have the option of taking their Written Exams at approximately 300 PSI computer-based testing (CBT) facilities around the country. See the Rigger Candidate Handbook for CBT application procedures and fees.

PRACTICAL TEST SITES

New Rigger Practical Exam Test Sites must submit a Rigger Test Site Application and Data Sheet and pay an annual $50 registration fee at the time of application; existing test sites must pay the $50 Test Site fee before the first practical test of each calendar year thereafter. If running a variety of CCO exams at that location, only one Test Site fee is charged on an annual basis. Employers or organizations with more than one Test Site must pay a fee for each location. Candidate Score Sheets from Practical Exam Test Sites that have not paid their annual $50 fee will not be processed.

Test Sites are established by the physical address where the equipment is located. Multiple companies and/or sites are not permitted to be established under the same address, although additional equipment can be added by submitting the appropriate Test Site Application(s) to NCCCO’s Western Regional Office. Should a Test Site need to become inactive or remove equipment, it must provide the following information to NCCCO in writing:

- PE Site Number
- Company Representative
- Company
- Contact information (phone and email)
- Company Representative signature

No site will be discontinued without this documentation. Any Practical Exam Test Sites that become inactive (i.e., do not pay their annual test site fee) will be placed in probationary status (see below) and must follow the requirements for new test sites should they want to become approved again in the future.

NEW AND PROBATIONARY TEST SITES

For all new test sites and for 12 months after their first test administration, all new NCCCO Practical Exam Test Sites are conferred “probationary” status. The purpose of this probation is to monitor new test sites and ensure that they are following NCCCO’s policies and procedures. These procedures include proper notification of testing, proper cancellation, and cooperation in the audit process.

Probationary test sites are required to provide notification via the NCCCO website at http://nccco.org/login no less than two business days prior to any test administration. Changes or cancellations to testing plans are subject to the same notification requirement. Once a site has provided test notification to NCCCO, that will be considered intent to test on that day and the site may be audited even if no testing occurs.

After a 12-month time frame, a probationary test site’s history is reviewed to ensure that it has followed NCCCO’s policies and procedures, including notification procedures. If a test site has not been providing proper notification, the probationary period will be extended at six-month intervals until such time that the policies and procedures have been properly followed.

TEST SCHEDULING OPTIONS

Rigger Level I and Rigger Level II Exams

Candidates are permitted to schedule and take both the Rigger Level I and Level II Written and Practical Exams at the same test site administration. If administering Level I and Level II Practical exams on the same day, sufficient time must be allotted for all affected candidates. Practical Exams may be administered before the Written exams to accommodate candidate scheduling. (See Typical Written Exam Test Day Schedule on page 11.)

Combined Rigger Level I and Rigger Level II Test Sites

If desired, Test Sites may be used to run Rigger Level I and Rigger Level II certification exams in one session. NCCCO offers a discounted price to candidates taking these two exams together. All Written Exams are conducted on the scheduled test day with the Chief Examiner present. All Rigger Practical Exams must be completed within seven
days of the Written Exam date, and all Practical Exam documentation must be sent into to NCCCO as soon as possible for processing. Practical Exams completed after seven days of the Written Exam date will be subject to additional fees.

To be classified as a "Combined" Test Site, one or more candidates must apply for and complete all four Rigger Level I and Rigger Level II exams in the required seven-day period.

Note: No other CCO certification exams (e.g., Mobile Crane Operator) may be administered at Combined Test Sites.

Combined Rigger and Signalperson Test Administrations

If desired, Combined Test Sites can be used to run Signalperson and Rigger certification exams in one session. NCCCO offers a discounted price to candidates taking these two programs together. All Written Exams are conducted on the scheduled test day with the Chief Examiner present. All Signalperson and Rigger Practical Exams must be completed within seven days of the Written Exam date, and all Practical Exam documentation must be sent into NCCCO as soon as possible for processing. Practical Exams completed after seven days of the Written Exam date will be subject to additional fees.

To be classified as a “Combined” Test Site, one or more candidates must apply for and complete all four Signalperson and Rigger Level I exams in the required seven-day period.

If conducting both Signalperson and Rigger exams, please read the Rigger Test Site Coordinator Handbook for additional information specific to that program.

NOTE: No other CCO certification exams (e.g., Mobile Crane Operator) may be administered at Combined Test Sites.

Regular Schedule

With a guarantee of at least 15 candidates, there is no additional fee for Test Sites that provide NCCCO with a completed Written Test Administration Request Form (or request online) at least four weeks prior to the desired test date.

Late Test Site Applications

Test Sites may apply with less than four weeks’ notice, subject to the following fees:

- Less than four weeks to three weeks prior to exam: $200
- Less than three weeks to two weeks prior to exam: $300

Test Sites with Less Than 15 Candidates

Test Sites may test fewer than 15 candidates at one time, subject to the following fees:

- 11–14 candidates: $200 flat fee, plus candidate fees
- 1–10 candidates: $300 flat fee, plus candidate fees

Note: When Rigger exams are combined with Signalperson exams at a Combined Test Site, the minimum number of candidates is 10. See the Signalperson Test Site Coordinator Handbook for details on Combined Test Sites.

APPLICATION DEADLINES

Tests can be administered at any time, as long as application deadlines are adhered to. Sample deadlines shown are for a test date of January 29.

Expediting Test Administrations

Test Sites may request expedited candidate application processing and score reporting for an additional fee. Fees are based on the specific circumstances of the test administration requested. Contact NCCCO for more details.

SITE CANCELLATION AND RESCHEDULING FEES

Test Sites will be required to pay a cancellation fee of $400 if they cancel without giving 15 days’ prior notice in writing to NCCCO. Test sites that cancel or reschedule between 16 and 30 days prior to the scheduled test date will be required to pay a fee of $100.

Deadlines

Please note that all deadlines are based on UPON RECEIPT deadlines at NCCCO. Candidates/Test Site Coordinators are solely responsible for making sure that complete and accurate applications reach NCCCO by the stated deadline.

CANDIDATE APPLICATION FEES

The appropriate fees must be enclosed with your application(s). Checks and money orders payable to NCCCO are preferred. You may also pay by credit card (VISA, MasterCard, or American Express). Do not send cash. Please do not staple your check or money order to your application form, but do include your payment in the envelope with all the other application materials. - They wish to reschedule without valid reason (see Emergency Cancellations or Withdrawals)
- They wish to have duplicate score reports issued
- They need duplicate(updated) certification cards

Candidates will be charged an additional $30 fee if:
- Their application form is incomplete
- They do not send in full payment
- Their credit card cannot be processed for any reason

All application materials must be received by NCCCO according to the sample test schedule outlined on page 8 of this Test Site Coordinator Handbook.

Late Applications

Applications received after the application deadlines, but at least four business days prior to the exam administration date are subject to a $50 late fee. This fee must be included with the late application(s).

For example, for a test administration on a Saturday, late applications that arrive at NCCCO by 5:00 p.m. (ET) on the Monday evening prior to the test can be accepted. Candidate applications that arrive after that time cannot be accepted.

Walk-in candidates cannot be accepted under any circumstances.

RETEST POLICY

If a candidate fails a Written Exam, he/she may retake it at a paper/pencil test site or a computer-based test site.

RESCHEDULING, CANCELLATIONS, AND WITHDRAWALS

Should a candidate be unable to sit for the examination, NCCCO must receive notification in writing no later than seven business days prior to the examination date. Candidate fees must be held up to one year. When the candidate reschedules, at that time he/she will need to pay an additional $25 rescheduling fee. Candidates who wish to reschedule their CCO rigger examinations MUST notify NCCCO and submit the necessary documentation and fees by the deadline for the rescheduled test date.
Candidates withdrawing or canceling after the deadline or not sitting for the examination will forfeit all application fees and will NOT receive a refund.

Emergency Cancellations or Withdrawals

ONLY the following situations will be accepted as grounds for emergency cancellations or withdrawals by a candidate:

- **Called to work**—supporting documentation required: letter from employer
- **Candidate illness**—supporting documentation required: doctor’s note
- **Family death**—supporting documentation required: death certificate or obituary notice

Requests for medical and personal emergency withdrawals are handled by NCCCO’s Testing Services Department. Candidates must write a letter to NCCCO describing their situation, including their full name, address, and Candidate ID/CCO Certification number, along with the scheduled test date, site number, and supporting documentation indicated above.

NCCCO MUST receive this written notification within seven business days after the scheduled examination date or the candidate will forfeit all application fees.

Candidates will be allowed to reschedule for a future examination administration up to one year from the emergency cancellation or withdrawal. **Candidates will NOT receive a refund if they decide they no longer wish to take the test.**

**SCORE REPORTS**

All candidates are sent a report of their performance from NCCCO within approximately 12 business days after the examination administration.

Test Site Coordinators may request Pass/Fail Score Reports and/or Detailed Score Reports on candidates taking the Written and Practical Examinations at their Test Site.

To receive score reports, the appropriate form must be filled out and returned to NCCCO along with a $50 processing fee. Note that requests for Detailed Score Reports must include the release signature of each candidate.

Report requests will be processed upon receipt at NCCCO and provided to Test Site Coordinators after the exams are scored (normally within 10 business days of the exam).

**RIGGER CERTIFICATION TIME FRAMES**

Candidates must pass the Written and Practical examination to be certified. Rigger certification is valid for five years. The Written and Practical Exams may be taken in either order. Candidates have 12 months from the time they pass their first Written or Practical Exam for each rigger level in which to pass the corresponding (Written or Practical) Exam.

Any tests passed within a 12-month period count towards certification. For example, a candidate who fails the Rigger Level I Written Exam in January 2015 but passes the Rigger Level I Practical Exam in June 2015 has until the end of June 2016 to retake (and pass) the Rigger Level I Written Exam.

**While candidates are permitted to schedule and take both the Level I and Level II written and practical exams at the same time, for Rigger Level II certification to be valid, Rigger Level I certification must also be current.**

Candidates for certification or recertification may petition for an extension of NCCCO’s standard timeline(s). NCCCO staff shall have the discretion to make the initial determination of whether a requested extension should be granted. Petitions for an extension of time are generally denied absent a showing of extraordinary circumstances. Denials of such petitions may be appealed to the Appeals Committee.

**PERMANENT TEST SITES**

Practical Test Sites that test on a regular basis may become permanent Practical Test Sites. For such sites, the requirement for a site inspection prior to each operator test may be waived. This option is available only to test sites where there has been no change in test crane, test site/location, and Test Site Coordinator in the last 12 months. If it has been more than 12 months since the last full site inspection was conducted, another full site inspection must be conducted. Use the enclosed Permanent Test Site Application to apply for Permanent Test Site status. Probationary test sites may not apply.

**SECURE TEST SITES**

Test sites with limited access and/or enhanced security protocols that might interfere with the ability of testing personnel and/or NCCCO staff staff and Auditor are required to indicate on their Test Site Applications that they are secure sites. They must also complete the enclosed Security Requirements Report and provide any associated documentation (such as the site’s formal security policy), all of which should be submitted along with the Test Site Application and Test Administration Request form. All Secure Test Sites—including permanent Test Sites—must submit completed Security Requirement Reports annually.
